### Selected family members of ruling elite – survivors of ‘the Flood’ or perhaps ET’s?

Key – colours indicate name of each ‘god’ in principal languages:  
Sumerian; *Akkadian*; *Egyptian*; *Hebrew*

\* Until Moses met the Burning Bush, the god of Genesis was named El Elyon, the Canaanite name for Enlil. From Moses up to Saul, the Hebrew deity appears to have Nannar but by the Psalms of David the title had passed to Shamash. In all translations of Jewish scripture into Greek, Latin, English, etc., all names of ‘god’ are assumed to refer to a single entity.
